

# Welcome!

Welcome to the Utah Provider List- A list of health care providers in the community where you live. This list is made up of health care providers who are committed to serving the health care needs of your community. Through this list, we seek to serve those with low income, ethnic minorities, Medicaid recipients, recipients of other public health programs, and other underserved populations. ***Note: This list should not be used as a replacement for Medicaid or other public program provider lists.***

## *How to use it*

The Utah Provider List is organized by location. You simply locate the region of the state where you live, find the county you live in, and then click. You will find a county listing that looks like this:

### Tooele

Service Type	Agency Name	Health Needs Targeted	Street Address	Mailing Address (if different)	Phone	Fax
--------------	-------------	-----------------------	----------------	--------------------------------	-------	-----

## *Information provided about each agency*

Each agency is listed on the left side. Depending on the format you choose, you will find the following information across each page:

### **PDF Format**

- Service Type
- Agency Name
- Health Needs Targeted
- Street Address
- Mailing Address (if different)
- Phone
- Fax
- Web site
- E-Mail

**Excel format will also have:**

- **Hours**
- **Description of Services**
- **Fees**
- **Eligibility Requirements**
- **Area Served**
- **Non-English Languages**
- **Wheelchair Accessibility**

The Utah Provider List functions in two formats; Excel and PDF. The Excel version has all of the key elements about each agency included. The PDF is a shorter, abbreviated version. The PDF version has the same agency listings and format as the Excel, but will not include the more in depth information about the agencies. This shorter version provides an alternative to meet quick reference type needs.

***How agency listings are organized***

Along the left side are agency listings according to service type. Similar services are grouped together by color blocks.

They are organized as follows:

-  **Local Health Departments**
-  **Hospitals/Clinics**
-  **Mental Health/Counseling**
-  **Domestic Violence:** Shelters and hotlines for those requiring refuge from domestic violence.
-  **People with Disabilities:** Public programs for people with disabilities and their families.
-  **Pregnancy:** Resources and counseling for pregnant women.
-  **Senior Citizens:** County programs for seniors.
-  **STD's/HIV:** Counseling, testing, and prevention programs for STD's/HIV.
-  **Substance Abuse:** Counseling and treatment for patients and their families dealing with substance abuse.
-  **Tribal Services:** Telephone numbers of health related Tribal Services
